Dear Mr. Ashmun:

This is in further reference to Application No. 087 from Roadway Services, Inc. for a twin-trailer truck access route on NC 87 from I-95 to the proposed terminal near Fayetteville.

Our procedures for processing the application have now been completed. As indicated in our letter of June 13, 1989, the traffic engineering investigation of NC 87 indicated no objections to allowing twin-trailer trucks. We also received concurrence from our Division of Motor Vehicles. We have now also received approval from our State Highway Patrol, and have not received any negative public comments.

Based on the above, that part of NC 87 from I-95 to the proposed terminal is approved as a twin-trailer access route. We are providing Mr. Fallis Zuern of your organization in Fayetteville with a copy of this letter for his information.

Yours very truly,

A handwritten signature in cursive script, reading "C. C. Sessoms, Jr.".
